

CONDITIONS OF SALE

Sale of the equipment or services described or referred to herein at the prices indicated is expressly conditioned upon the terms and conditions set forth below. Any confirmatory action by the Purchaser hereunder, or any acceptance of such equipment or services, shall constitute assent to said terms and conditions and a representation that the Purchaser is solvent. Any additional or different terms or conditions set forth in the Purchaser's order or other communications are objected to by Diamond Antenna Europe BVBA and shall not be effective or binding unless assented to in writing by an authorized officer of the Company.

WARRANTY

The Company warrants to the Purchaser that the equipment to be delivered hereunder will be free from defects in material or workmanship and will be of the kind and quality designated or specified in the contract.

This warranty shall apply only to defects which are or could be discovered by testing or normal operations within one year from the date of shipment by the Company. The conditions of any tests shall be mutually agreed upon and the Company shall be notified of, and may be represented at, all tests that may be made.

If the equipment delivered hereunder does not meet the above warranty the Purchaser shall promptly notify the Company specifying the manner in which the equipment does not meet the warranty. Upon receipt of such notice, the Company shall correct only the defect, including nonconformance with the specifications, either (at its option) by repairing any defective or damaged parts of the equipment, or by making available at the Company's plant necessary repaired or replacement parts. The liability of the Company under this warranty or for any loss or damage to the equipment whether the claim is based on contract or negligence, shall not in any case exceed the cost of correcting defects in the equipment as herein provided and upon the expiration of the warranty period all such liability shall terminate. The foregoing shall constitute the sole and exclusive remedy of the Purchaser and the exclusive liability of the Company for damages of any kind. The foregoing warranty is exclusive and in lieu of all other warranties, whether written, oral, implied or statutory (except as to title). **NO WARRANTY OF MERCHANTABILITY OR WARRANTY OF FITNESS FOR PARTICULAR PURPOSE SHALL APPLY.** The Company does not warrant any equipment of other manufacture designated or specified by Purchaser.

PATENTS

The Company shall defend any suit or proceeding brought against the Purchaser so far as based on a claim that any equipment, or any part thereof, furnished under this contract constitutes an infringement of any patent if notified in writing and given authority, information and assistance (at the Company's expense) for the defense of same, and the Company shall pay all damages and costs awarded therein against the Purchaser. In case said equipment, or any part thereof, is in such suit held pursuant to a non appealable final judgment to constitute infringement and the use of said equipment or parts is enjoined, the Company shall, at its own expense and at its sole option, either procure for the Purchaser the right to continue using said equipment or part; or replace same with non-infringing equipment or remove said equipment and refund the purchase price and the transportation and installation costs thereof. The foregoing states the entire liability of the law or in equity for patent infringement by said equipment or any part thereof.

The preceding paragraph shall not apply to any equipment or any part thereof, manufactured to Purchaser's design. As to such equipment or part, the Company shall have no liability whatsoever for patent infringement.
